

Building Content Team requires *Creativity*

Creative Hiring Partner for Next Gen Brands

8,500+ MID-TO-SENIOR CREATIVES

10+ DATA POINTS PER ROLE

3-LEVEL SCREENING, BACKGROUND VERIFIED

Most content teams get hired *backwards*.

WRONG FIRST SEAT

You hire hands before a head.

An editor joins first, output goes up, nothing lands. Two quarters later the real gap is obvious: you needed a producer with a point of view on what to make.

NOT ON THE MARKET

The good ones never apply.

India's strongest content leads are mid-IP at another brand. They don't sit on job boards or answer cold InMails. They get pulled, by someone they already trust.

UNSCREENABLE ON PAPER

A CV can't show craft.

Generalist recruiters filter on years and titles. Content roles are decided on reels, retention curves, hook rates and the IPs a person actually shipped.

The cost isn't the hiring fee. It's two quarters of content that didn't work.

WHAT WE DO

We don't send you profiles. We tell you *who to hire*.

STEP ONE

Understand the Direction

We understand your content roadmap, your motivation to start content, and the end goals you are working towards.

STEP TWO

Understand the org structure

Seats, seniority, in-house versus freelance, and the cost band each role should sit in for India today.

STEP THREE

Place the people

Craft-vetted shortlists from a live pool, run all the way to offer. Not a database dump with a fee attached.

Three ways to *work with us.*

01

Build the core content team from scratch

Content direction consult, then the end-to-end team hired and onboarded.

MID-TO-SENIOR ONLY. NOBODY ENTERS THIS POOL ON A RÉSUMÉ CLAIM.

A six-month-old talent list is *fiction*.

Content people move fast. Ours is maintained in real time, which is why a lead search closes in three weeks without cutting the screening short.

- Credit verified against the actual IP, not the claim
- Engaged year-round through our community, events and webinars

HOW THE POOL STAYS LIVE

25 new vetted creatives every week, in every category.

We are not a hiring agency for creatives. We are their career consultant, which is why they pick up.
